Giving is Good.

Opportunities incorporated donated \$10,000 dollars to the Green Valley Legacy Fund, which supports Green Valley Enterprises, a division of Opportunities, Inc. This formal fund was established at the beginning of the merger between Opportunities, Inc. and Green Valley Enterprises. It was very important to the Green Valley Board of Directors that this Legacy fund was instituted to ensure Green Valley Enterprises would remain a cornerstone in the community and donations from Beaver Dam and the Dodge county community would stay in the respective communities. The Ham N Jam is a wonderful example of the tradition that spans over a decade, as this community picnic just celebrated 14 years and is a successful fundraiser. This year, the Ham N Jam raised nearly \$30,000 dollars! Opportunities Inc. was proud to give the Green Valley Legacy Fund a portion of the earnings. Giving is good!

Barb LeDuc, President and CEO of Opportunities, Inc. presented the check to the Green Valley Legacy Board representatives, from left to right, Barb LeDuc, (Opportunities, Inc.) Larry Lange, Jack Hanks, John Rigotti, (Green Valley Legacy Fund) Jason Frey, (Opportunities, Inc.), Al Schreder (Opportunities, Inc.) Tony Beauchamp (self-advocate, GVE). The Beaver Dam Area Community Foundation is the connection to the Green Valley Legacy Fund. Please see this site for more information. <https://fdlareafoundation.com/beaver-dam-area-community-foundation/>

Giving is good for the community of Dodge County, Green Valley Enterprises, and the Green Valley Legacy fund. Opportunities, Inc. hopes to continue this tradition for many years.
